

Description

The Workplace Equality Portfolio ETF consists of publicly-traded companies that support lesbian, gay, bisexual and transgender equality in the workplace.

Strategy

The Portfolio is designed as an investable benchmark for workplace equality.

- It employs a “passive management” – or indexing – investment approach, which is structured to track the performance of the Workplace Equality Index®. The Index is designed to provide a means of tracking the performance of companies which support workplace equality for lesbian, gay, bisexual and transgender (“LGBT”) employees.
- It consists of 274 publicly-traded stocks (as of June 30, 2018) of U.S. and foreign companies that support equality for LGBT employees through their workplace practices, including non-discrimination policies regarding sexual orientation and gender identity and providing full benefits for same-sex spouses, domestic partners and transgender individuals.
- Stocks must be traded on an exchange and must have a minimum market capitalization of at least \$250 million and a minimum average daily trading volume of \$2 million in the prior three months to be included in the Index.
- The stocks in the Index are weighted equally as of each rebalance date. The Index is rebalanced quarterly, on the third Friday of March, June, September and December. The Index is reconstituted annually on the third Friday of each December.

ETF Stats

Ticker:	EQLT
Underlying Index:	LGBTEQLT
Listing Exchange:	NYSE Arca
CUSIP:	00162Q 650
Fund Inception:	2/24/14

Performance data quoted represents past performance. Past performance does not guarantee future results. Current performance may be higher or lower than actual data quoted. Call 1.866.759.5679 or visit www.eqltfund.com for current month end performance. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.

¹ Fund inception date of 2/24/2014.

² Market Price is based on the midpoint of the bid/ask spread at 4 p.m. ET and does not represent the returns an investor would receive if shares were traded at other times.

³ The Workplace Equality Index® is an equal weighted index of companies that support lesbian, gay, bisexual and transgender (LGBT) equality in their workplace. Index criteria include requiring non-discrimination policies regarding sexual orientation and gender identity and providing full benefits for same-sex spouses, domestic partners and transgender individuals.

⁴ The Standard and Poor's (S&P) 500 Index is an unmanaged index that tracks the performance of 500 widely held, large-capitalization U.S. stocks.

You cannot invest directly in an index.

Segall Bryant & Hamill acquired Denver Investment Advisors LLC on 4/30/2018. These performance results reflect returns generated by the portfolio manager using this investment at Denver Investment Advisors LLC.

IMPORTANT DISCLOSURES & DEFINITIONS

An investor should consider investment objectives, risks, charges and expenses carefully before investing. To obtain a prospectus, which contains this and other information, call 1.844.375.8383 or visit www.eqltfund.com. Read the prospectus carefully before investing.

Shares are not individually redeemable. Investors buy and sell shares on a secondary market. Only market makers or "authorized participants" may trade directly with the Fund, typically in blocks of 50,000 shares.

The Fund invests in stocks of companies which meet the Index's criteria for supporting workplace equality for LGBT employees. The trend of companies supporting workplace equality in this fashion is relatively recent, and there may be a limited number of companies which meet the Index's criteria.

There are risks involved with investing in ETFs including the loss of principal. Fund concentration generally leads to greater price volatility. Foreign investing involves special risks such as currency fluctuations and political uncertainty.

Price/Book: A ratio used to compare a stock's market value to its book value.

Price/Cash Flow: The ratio of a stock's price to its cash flow per share.

Price/Earnings: A valuation ratio of a company's current share price compared to its per-share earnings.

Price/Sales: A valuation ratio that compares a company's stock price to its revenues.
